On 31 March 2024, the main cash book was balanced and showed balances of:

- cash \$360
- bank \$4600 (Cr).

Rita checked the bank balance with that shown on her online bank account which showed a different balance.

Rita identified the following transactions which she believed may have contributed to the difference.

- A receipt, \$320 from Volter, a credit customer, had been paid directly into her bank account.
- The bank had charged her its monthly management fee of \$50
- The bank had made a regular direct debit payment for rent, \$575
- The takings from the last day of the month, \$3 200, had not been processed by the bank.
- A cheque, \$2300, received earlier in the month from Lo Traders, had been dishonoured by the bank.
- (e) Prepare the updated bank account at 31 March 2024. Balance the account on this date and bring the balance down on 1 April 2024.

15 On 31 May 2024, Hassan identified the following errors.

Error	
1	An invoice from a supplier, \$215, had been entered in the purchases day book as \$251
2	Motor expenses, \$76, had been posted to the motor vehicles account.
3	No entries had been made for goods, cost \$850, taken by Hassan for his own use.
4	Sales, \$890, to Mali had been posted to the account of Marley.
5	Additional equity introduced by Hassan, \$3500, had been debited to the equity account and credited to the bank account.

(i) State the type of error in each scenario.
